2. BACKSTAGE for DUNDU Puppets

first option:
puppets can be stored while standing

second option:
puppets can be stored while laying down

!!!Very Important!!!

The space has to be **dry, hidden, clean and safe** for DUNDU for the whole time. We provide the special tripod to have him standing upright, but we do not want this room to be accessible public or to other groups. Furthermore, it should be close to the performing area / backstage of puppeteers and rehearsal area. For building up we need 5x5 m. Two tables for technical equipment and sockets.

For any questions please contact: tayyba@dundu.eu
