RUMBACOUSTIC – And the audience takes part!

RUMBACOUSTIC is a fiery fusion of Spanish and Latin American music, paired with hits by artists such as Ed Sheeran, Avicii, Kool & The Gang, Sting, Bob Marley, Xavier Naidoo and a lot more.

A band to touch that involves the audience into the performance with Kazoos (small horns) and humorous interludes. After only a few seconds the entire location will be shaking. RUMBACOUSTIC can be booked as 'Walking Act' or 'stage show' and as a trio or as a whole band. All instruments are played unplugged - completely wireless. Whether small or big events: In this band the audience each time got into euphoria.

A guarantee for a very big party, and your audience right in the middle!
